

ABOUT WRE

The 11th International Conference on Water Resource and Environment (WRE 2025) will take place in Shanghai, China, from December 5th to 8th, 2025.

Over the past ten editions, WRE has successfully convened in prominent locations such as Hong Kong, Matsue, Japan, Macau, Taiwan, Qingdao, Beijing, and online during challenging times. In diverse forms of keynote speech, oral and poster presentations, panel discussions, each iteration has provided a dynamic platform for researchers, practitioners, policymakers, and industry leaders to exchange cutting-edge research findings and share innovative methodologies aimed at addressing global water challenges.

On behalf of the organizing committee, we cordially invite you to participate in WRE 2025 and experience the multicultural diversity in Shanghai, China!

Paper Publication

Accepted presented abstracts will be included in the abstract proceeding for academic exchange;

Selected full papers will be published in the Lecture Notes in Civil Engineering, Springer, indexed by EI Compendex and Scopus (subject to a peer-review process).;

Selected full papers will be recommended to international journals like Water (IF: 3.0) etc.

More publications, kindly contact info@wreconf.org

Explore Shanghai

Shanghai, known as the Paris of the East, is a gateway city to visit China. It has been described as the "showpiece" of the economy of China, and it is one of the ten biggest economic hubs in the world. Featuring several architectural styles such as Art Deco and shikumen, Lujiazui skyline, museums and historic buildings, including the City God Temple, Yu Garden, the China Pavilion and buildings along the Bund. Shanghai is also known for its cuisine, local language, and cosmopolitan culture.
